

ENCOREPRO HW500 SERIES

Bring our top performers to yours

Whether you work in a busy office or customer service center, the stakes are high with every call. Introducing the Plantronics EncorePro HW500 headset series – designed to give your team the quality, power, and confidence to perform – every time. Each of the three innovative designs in the series incorporates all-day comfort, superior noise-canceling technology, and long-term reliability. It's a win-win with next-generation performance for your team and your customer.

Performance by design

ENCOREPRO HW500 SERIES

HW510/520
Comfort and reliability

HW530
Lightweight design

HW540
Complete flexibility

The EncorePro HW500 headset series balances all-day comfort, superior noise-canceling, and long-term reliability in three innovative designs. Your team will feel the improvements and customers will hear it.

COMFORT & CONVENIENCE

- Adjustable fit enhances all-day wearing comfort, ensuring that representatives stay fresh and engaged.
- The HW540 is lightest in its class – each of the three wearing styles has a soft foam ear cushion and a balanced boom mic that stays secure for all-day performance.
- The Quick Disconnect feature provides walkaway convenience and compatibility with all Plantronics USB, desk phone audio processors, and direct connect cables.

SUPERIOR AUDIO

- Flexible noise-canceling boom allows optimal positioning for voice clarity.
- Visual and tactile positioning guides enable precise and quick microphone positioning (HW510/520).
- Wideband audio delivers richer, clearer conversations and reduces listening fatigue, while SoundGuard technology protects from noise spikes, helping to meet OSHA/Noise at Work requirements.

LONG-TERM RELIABILITY

- Designed for the rigors of call-intensive environments, which minimize operational disruptions and costly downtime.
- Laser-welded construction and metal joints are engineered to provide reliability where it matters.
